

# OCTOBER 2019

**PRAYER NEWSLETTER**

Ephesians 2:10

For we are God's workmanship created in Christ Jesus to do good works, which God prepared for in advance for us to do.

## PRAISE POINTS...

- Even through seasons of change God's faithfulness is steadfast.
- My new role at school has been a wonderful and smooth transition
- Flora's Rwandan adoption was accepted and approved by the National Commission of Children's Rights and they have forwarded their recommendation onto FACSNSW to embark on the process of an International adoption.
- Two new staff at The King's College.
- That I have been able to maintain communication and relationships with the community around the Teacher training College and School.
- Both Flora and I are healthy and well.
- Flora will be 4 in November - no idea where the years have gone - but she is a healthy and happy little girl in every sense of the word.
- We were able to buy a 20 year old car - while it's not the best - it has certainly been life giving to have our freedom in transport needs - we feel very blessed.

## PRAYER POINTS...

- Pray for FACSNSW to receive NCC email and act on it asap, so that we can have an outcome that is positive to Flora's emotional and psychological well being.
- For Flora to settle into a routine with her new Nanny.
- For the Teacher training college to open in December.
- For Michele to continue thriving at KICS (Kigali International Community School)
- December 6th will be 12 months since we lost my nephew last year, I will not be coming home this year for the anniversary as I had hoped to, so please pray for us during this 'festive' season when not everyone feels so festive.

Bless you for praying for us - even when we are silent we are always thankful to you all!
